

WEST AND SOUTH TO REAP BENEFIT

Increased Population to Give Greater Representation On Legislative Bodies

Half-Hundred Additional Seats In Congress In Prospect

Ohio to Get Four More Seats If Old Plan Followed

(By Associated Press)

Washington, October 8.—Examination of the final census figures of this country which place the total population of the continental United States at 105,683,108, indicates that the west and south proportionately will gain more in a political way than the east or middle west (through increased membership in the House of Representatives, more votes in the electoral college and in large delegations to the national political conventions.

This result will obtain whatever basis of apportionment is adopted by Congress next winter, fixing the size of the next House which in turn is reflected in the electoral college and the conventions of the big political parties.

As a result of the increase of 13,710,842 in population 50 new seats must be added to the House to prevent any state from losing any part of its present representation. Should the present membership of 435 be left unchanged by increasing the basis of apportionment, there will have been a transfer of 13 seats now held by 12 states, to nine other states.

For the past half a century the precedent has been to increase the size of the House so as to prevent loss of existing representation by any state.

If this precedent is followed this year five additional representative seats must be given to California; four each for New York, Ohio, Pennsylvania and Michigan; three to Illinois and Texas; 2 to Massachusetts, New Jersey and North Carolina and one each to Alabama, Arizona, Connecticut, Georgia, Maryland, Montana, New Mexico, Oklahoma, Oregon, South Carolina, Tennessee, Washington, West Virginia, Wisconsin, Virginia, Arkansas and Minnesota. A net result of 48 new seats in Congress.

COURT ORDERS BASEBALL QUIZ IN CINCINNATI

Says Plans to "Throw" 1919 Series Evidently Made In Queen City.

(By Associated Press)
Cincinnati, O., October 8.—Inasmuch as essential parts of the alleged conspiracy between gamblers and eight White Sox players to "throw" the 1919 world series were believed to have been formulated in Cincinnati, Judge E. T. Dixon, in criminal court today instructed the grand jury to investigate those phases of the alleged plot.

INDIANS ARE BACK ON HOME GROUNDS

Losers of Two Games Out of Three in World Series Given Big Reception

Expect to Turn Trick on Dodgers On The Home Lot Saturday

(By Associated Press)

Cleveland, O., October 8. Smiling and full of confidence, despite their two defeats, the Cleveland Indians arrived early today from Brooklyn to engage the Dodgers in the fourth game of the world series here tomorrow.

Conquering heroes never received a more noisy reception than the players when they piled off the train. Streets leading to the union station were lined with cheering enthusiasts, who apparently forgot the two defeats handed the Indians on the Brooklyn field.

President Jim Dunn of the American League champions, refused to entertain any thought of losing the series.

"We are home now, and it will be a different story to tell tomorrow," he said.

The Dodgers have a decided "edge" on the series to date—two victories and one defeat. In the three games Brooklyn has batted for a team average of 299 and fielded 984. The Indians have an average of 165 with the bat and have fielded at 982.

That section of the sporting world which backs its views with cash today seemed to be inclined to share Brooklyn's feeling of optimism, for the odds switched, making the National Leaguers a two to one favorite.

\$5,000 GIVEN BY GOVERNOR

(By Associated Press)
New York, October 8.—Governor Cox, Democratic presidential candidate, today contributed \$5,000 to the Democratic national campaign fund, it was announced at headquarters here.

NATION PLANS TO HONOR DEAD NOVEMBER 14

All Flags to be Half Mast Honoring Heroes of World War

(By Associated Press)

Washington, October 8.—President Wilson today directed that on Sunday, November 14th the American flag be displayed at half mast on all public buildings and naval and military posts "as a token of the nation's participation in the memorial services held for the heroic American soldiers, sailors, marines and others who gave their lives to their country in the world war."

THESE UMPIRES ARE "CALLING 'EM" IN WORLD'S SERIES

Left to right: Tom Connolly, Hank O'Day, Bill Dineen and Bill Klem.

These are the four men who are calling balls and strikes, "out" and "safe" in the classic being staged by the Brooklyn Dodgers and Cleveland Indians. Two of these men will umpire behind the plate and on the bases each day as usual. The other two will be stationed on the right and left field lines to call close plays on balls hit to the outfield.

TALBOT TELLS STORY OF NOTE

Says Payment of Cox Note Made by Metal Company Of Dayton

Regarded Contribution As Personal One Says Company Head.

(By Associated Press)

Dayton, O., October 8.—That the Dayton Metal Products Company paid the \$5,000 note which Governor Cox gave to the City National Bank of Dayton was testified to by H. E. Talbot, president of the company at the Senate sub-committee hearing here today.

Mr. Talbot explained in detail why the company paid the note, asserting that through an effort of many Dayton citizens to elect suitable members of the Dayton City Commission conferences between Democrats and Republicans were held in an effort to agree upon candidates resulting in the campaign being delayed.

He said that after the election Governor Cox met him and told him that as a result of the delay in starting the campaign the Democratic organization had been unable to raise sufficient funds and that he, Governor Cox, had discounted his personal note for \$5,000 to get money and that he thought the committee which sought to bring about an agreement on candidates should pay the note.

Mr. Talbot explained, however, that the conferences between the Democrats and Republicans brought no results and that the two parties supported their own candidates.

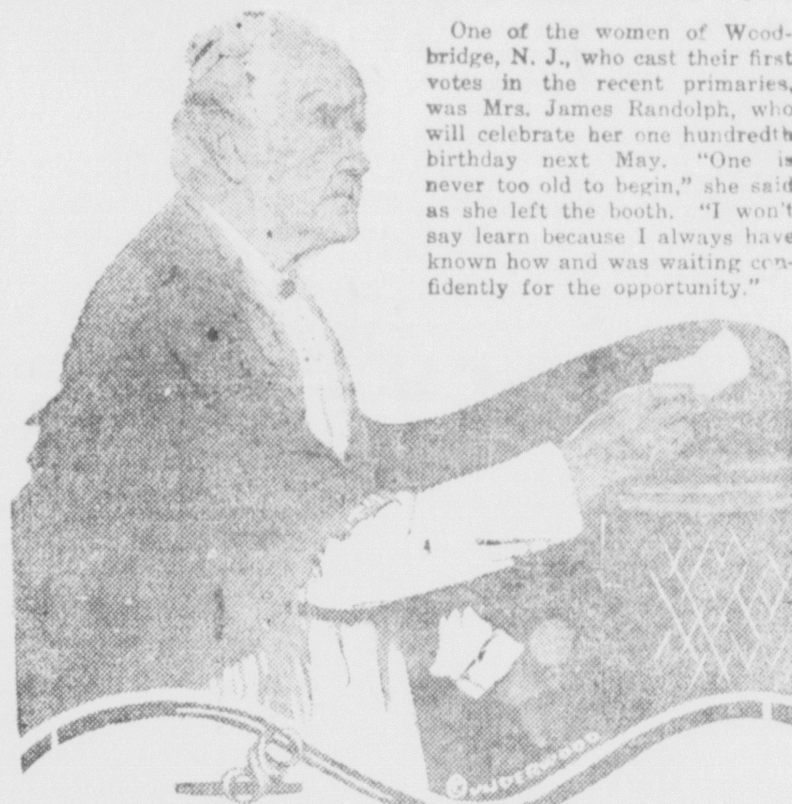

Though the note was paid by the company, he said, he did not consider it a contribution by the corporation but a personal gift by himself.

20 ARE KILLED AND 30 HURT IN BIG WRECK

NEAR-CENTENARIAN CASTS HER FIRST VOTE

Miss James Randolph dropping her ballot in the box.

One of the women of Woodbridge, N. J., who cast their first votes in the recent primaries, was Mrs. James Randolph, who will celebrate her one hundredth birthday next May. "One is never too old to begin," she said as she left the booth. "I won't say learn because I always have known how and was waiting confidently for the opportunity."

NATION'S GROWTH NOT SO RAPID

Healthy Increase in Population Is Held Down by World War.

Nation Gains Nearly 100,000,000 In 100 Years.

(By Associated Press)

Washington, October 7.—The total population of Continental U. S. is 105,683,108, an increase of 13,710,824, or 14.9 percent.

The growth of the country's population was not expected to show so large a relative increase during the last decade as during the previous decade ending with 1910 because of almost complete stoppage of immigration during the World War and the heavy emigration during that period. In the decade ending 1910 the total population of the United States, exclusive of its outlying possessions, was 91,972,266. During those ten years the numerical increase was the largest of any decade in its history while the rate of growth was 21.0 per cent. The gain in that decade was four times what the total population of the country was in 1790 when the first Federal census was taken, while the total population in 1910 was almost 23 times larger than it was in 1790.

With the outlying possessions, the United States in 1910 had a population of 101,115,487. These possessions included Alaska, Hawaii, Porto Rico, the Philippine Islands, the Panama Canal Zone, Guam and Samoa, and the total of persons in the military and naval service abroad was added.

This year the population of the Virgin Islands of the United States, acquired from Denmark is included.

The growth of the country's population, exclusive of the outlying possessions, is set forth briefly in the following table:

Year	Population	Increase	Pct.
1790	105,683,108	13,710,824	14.9
1810	91,972,266	15,977,691	21.0
1900	75,994,575	13,046,861	20.7
1890	62,947,714	12,791,931	25.5

COMBINATION MUST DISSOLVE ORDERS COURT

Railroads and Coal and Iron Concerns Must Obey Order

(By Associated Press)

Philadelphia, October 8.—The Federal court here today handed down a decree ordering the Reading Company to file within 90 days a plan for dissolution of the alleged combination of the Philadelphia & Reading Railway Company, the Philadelphia & Reading Coal and Iron Company, the Central Railroad of New Jersey and the Lehigh & Wilkesbarre Coal Company, in accordance with the decision of the United States Supreme Court, rendered last spring.

COX SAYS DANGER IN G. O. P. CONTROL

Insists Reactionaries Would Be Placed in Power in High Court by "Oligarchy."

Says Senate Long Has Trespased On Power of Lower House.

(By Associated Press)

Paducah, Ky., October 8.—Effect of the presidential contest upon prospective United States Supreme Court vacancies was declared by Governor Cox in an address here today to be the real danger of a reactionary victory "next to the scrapping of the league of nations."

The nominee stated that at least four vacancies in the high court were in prospect, and referring to the Senate's control over confirmations and to Senator Harding as the "reactionary candidate," he added:

"Besides, it would naturally follow a reactionary president would appoint four reactionary members of the Supreme Court."

The Governor declared this was one of the reasons why "the senatorial oligarchy" should be defeated.

"Throughout the years, the Senate has trespassed on the authority of the House of Representatives. The constitution provides all legislation providing for the raising of revenues shall be initiated in the House. Yet there has probably not been a tariff measure in the last fifty years which was not changed in its every line after the enacting clause once it reached the Senate."

"By the nomination of one of its own members as the reactionary candidate for the presidency, it now has the opportunity of annexing the executive department."

"It will be seen at a glance that the Senatorial crowd is playing for big stakes, which are no more nor less than absolute control of the three constitutional branches of our government."

FREQUENT QUAKES PUZZLE SCIENTISTS

(By Associated Press)

Washington, October 7.—Frequent earthquakes in North and South America and Europe during the last few months have puzzled government scientists. They regard the disturbances as a geological anomaly for they say that the greatest seismic disturbances are known definitely to be in February, March and April. Their opinion coincides with that of Father Tondorf, director of the Georgetown University Seismic Observatory.

The government scientists have no particular scientific reason to suggest for the frequency of the recent earth disturbances. They are making no special study of the earthquakes, and their opinion is that geology is too young a science and too little is known of it for anyone to attempt an explanation of the cause of the anomaly.

NOTED DRAMATIST DEAD

New York, October 8.—Announcement was made here today of the death of William Young, 37 years old, author and dramatist, at his home in Burkehaven, N. H., one of his principal works was the dramatization of Ben Hur. The funeral will be conducted at Monmouth, Ill., Saturday.

Police Think Heavy Charge In Quarry Caused Disturbance

(By Associated Press)

Newark, N. J., October 8.—Newark, Jersey City and surrounding towns were startled shortly after ten o'clock today by a mysterious explosion.

Cavass of all big powder manufacturing companies and of the government arsenal at Raritan brought no information of an explosion.

After several hours of investigation police and county officials expressed the opinion the loud report came from a quarry blast somewhere in this vicinity.

EXPERIENCES OF LONG AGO ARE RECALLED BY VISITORS

Mr. Jacob Davis and wife (nee Sarah Bryant) and granddaughter, Miss Florence Davis, of Clarks Hill, Indiana and daughter Mrs. W. F. Durham of Lafayette Indiana are guests at the Cherry Hotel.

Mr. Davis moved from the White Road locality in 1862. He, with others rode upon the first Cincinnati, Wilmington & Zanesville Railroad train when it came to this town about 1854.

Himself, wife and nearly everyone, within the district, on an other day, met the first train at Johnson's Crossing, when it arrived the fireman filled the fire box with wood, soon a roaring fire sent dense smoke out of the top of the funeral shaped smoke stack.

To heighten the excitement, the engineer turned on the blow, sending the sparks, to the sky limit, when the wailing whistle was opened all the little youngsters ran away.

Mr. Davis and family are arranging their visit so that they will attend Dunkard church services on the Chillicothe pike next Sunday morning at eleven o'clock.

They want to renew as many acquaintances as possible.

LEWIS STREET IN BAD SHAPE

A great many motorists are anxious for the repair of Lewis street from the intersection with Columbus Avenue, north two squares to the paving at the intersection of Paint street, to get under way so that the connecting link which is a most important short cut between the two paved streets, will be available before winter.

For years this link between the north and south portions of the east end of town has been in a very bad shape, and all due to lack of a little attention.

There is ample material on the street for converting into a thoroughfare that would last for years with very little attention, but the deep depressions and uneven surface generally make it a roadway to be shunned by the average motorist.

FLY IS HERE AT MOORE FARM

Driving a Curtis plane, R. S. Haines of Wilmington arrived in this city Thursday morning for the purpose of carrying passengers. After circling over the city he landed on the Alonzo Moore farm on the Chillicothe pike.

Mr. Haines states that he will be in the city two days and will carry passengers at ten dollars a trip. Ten percent of all he makes here, he states, will go to the Mothers circle.

NOTICE

The mother's circle will meet next Monday afternoon, 2:30, at the home of Mrs. Frank Blessing on Rawling street.

JEFF. WOMEN FORM DEMOCRATIC CLUB

Under the auspices of the local Woman's Democratic Club, Mrs. Josephine Kerr, president, a similar club was organized in Jeffersonville Thursday night, with the committee in charge composed of Mrs. C. Maude Wood, chairman, Mesdames L. O. Fultz, Marie Blessing, Watkins, Thomas and T. A. Jones.

A school for citizenship will be inaugurated in Jeffersonville under the management of Mrs. Blessing and Mrs. Jones.

WASHINGTON HIGH IS IDLE SATURDAY

After trying all week to line up an opponent for Saturday afternoon Washington High School's football squad faced the fact Friday morning that it would be idle this week end.

It was a big disappointment to the Blue and White gridders not to be able to test their strength against some team for the third prospective victory of the season.

Because of the fact that Greenfield comes here next Saturday the game Friday afternoon between McClain High and Hillsboro High was being watched by the local squad as indicative of what Washington High will have to do to turn back McClain for the second time this season.

NO LEAF BURNING ON NEW STREETS

Attention of those residing on asphalt streets is called to the fact that no leaves or other rubbish can be piled upon the street and burned, as the custom prior to paving.

One or two persons, it is understood have kindled fires in piles of leaves on the new streets, but were speedily notified by neighbors of the damage that would result and fine provided for such damage.

FARMERS BEGIN WHEAT SOWING

Fayette county farmers, obeying the admonition of the State Department of Agriculture not to sow wheat before October 8th, have now started the work of seeding and this work will be finished late this month.

However seeding will not be as extensive as usual, and many farmers will sow only a small portion of their usual acreage.

The faster a man lives the quicker he will occupy ground floor space in a cemetery.

RICH BLOOD SECRET OF GOOD HEALTH

Here is a Suggestion Along That Line.

Thin, impoverished blood results in pale, sallow complexions, run-down, anaemic conditions, and leaves one without strength, energy or ambition. Lots of people here think that the one great remedy for this condition is Vinol, that non-secret cod liver and iron tonic without oil, which with the beef peptones and glycerophosphates contained in it, acts very quickly in creating thousands of red corpuscles in the blood. It quickens the circulation, increases the appetite aids digestion, and in this natural manner creates strength, vitality and energy. Hundreds of people in this vicinity have testified to its value. —Advt.

I FEEL JUST LIKE A DIFFERENT MAN

That's What Wm. Martin Says Since Tanlac Built Him Up After the "Flu."

"In one month Tanlac has restored my health and I have gained fourteen pounds in weight besides," said Wm. N. Martin, 1164 Bellows street, Akron, Ohio.

"Last December I had the 'flu,' which left me in an awful weak condition. My stomach was all out of order and I had no appetite. The little I managed to eat caused terrible pains and burnings in my stomach and chest. I suffered awfully from gas and bloating and at times felt like I would give the world if I could just get one good long breath.

"My nerves were all upset and at night I would roll and toss, hardly able to get any rest at all. Every morning I felt all fagged out and I was weak and run down.

"Tanalac has simply swept all my troubles away and built me up to a well, strong and healthy man. My appetite is so sharp I can hardly get enough to eat and I can eat anything without fear of its disagreeing with me. My nerves are as good as they ever were and I enjoy sound restful sleep every night. Several of my friends have taken Tanlac on my recommendation and all have told me it has helped them."

Tanalac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, in Octa by I. W. Murphy and in Milledgeville, E. L. Ford Sons, Lee Ortman, Selden. — Advt.

CLUB IS READY TO EQUIP PLANT

Sum Realized from Waste Paper Not Up to Expectations, But is Sufficient to Get Wireless Plant Under Way.

Members of the Y. M. C. A. Radio Club realized more than fifty dollars from the waste paper drive conducted last week. While the amount raised was not as great as expected it will be sufficient to get the wireless plant under way and in active operation.

A hundred foot aerial will be purchased and will be placed on the roof of the Y. M. C. A. building as the first step in the arrangement of the plant. With this aerial it will be possible to receive time signals from the great plant at Arlington, Virginia. It will also be possible, it is thought to take messages from New York City.

The members of the club are asking that any men interested become honorary members of the club and give it support that it will be able to gain in no other way. A. C. Kleister, who is overseeing the work of the club members, states that an interest is being shown in the project that assures its success.

RAINBOW VETS MEET NEXT TUESDAY NIGHT

Commander Harold McClain of the Fayette County Chapter of Rainbow Veterans has issued a call for a meeting of the Post at Memorial Hall October 12th at six-thirty o'clock for the purpose of affecting a permanent organization.

WAS LIVING ON MILK AND MUSH

Declares his stomach felt like it was burning up when he ate solid food. Was constipated, liver was lazy. Claims Dreco, the great root and herb remedy ended his troubles and now can eat anything he craves.

"For the past five weeks I have been living on milk, mush and such soft foods because my stomach would not stand solid food," said Mr. Joseph Cunningham of 209 South 6th Street, Steubenville, Ohio, in a signed statement for publication.

"Any solid food gave me a terrible burning feeling filling me up and I'd belch hot, sour water which made my throat raw. My bowels were badly constipated and my liver sluggish which caused dizzy spells and headaches. I became nervous, couldn't sleep and finally had to quit work.

"The change in my feelings is remarkable since I've been taking Dreco. It surprised me how quick it acted for I believe the first dose did me good. I never have any more gas nor water risings, the burning has passed away, my bowels act regularly every day and my liver has been thoroughly cleansed. I feel fine and am now back at my work, thanks to this great medicine Dreco."

Dreco aids the stomach in digesting the food, overcomes gas, gets the bowels moving easy, expels excess bile from the liver and gives strength to weak kidneys and painful backs.

All druggists now sell Dreco and it is being especially introduced in Washington C. H. by Frank Christopher. — Advt.

Future Generations

We are inclined, as we look about us and see the wonderful progress that has been made during the last three decades, especially in the field of invention and mechanical creation and construction, that we have reached the limit; that nothing wonderful remains to be done by the oncoming generations and that with all we have accomplished, there is naught for this old world of ours, in the years to come, save to sail placidly along through space with its inhabitants snugly enjoying life, doing the same things over and over again with no temptations in possible construction and invention to spur them on and make life worth living.

Why even we older folks of the present generation can see possibilities for the new comers. Just as an instance there is to be found the substitute for gasoline and the tire which will carry our automobiles as softly and quietly over the roads as the present pneumatic tires and still be puncture proof. And there is, too, the matter of road construction, building roads at less cost than the present roads are built, and yet roads that will never wear out. There is to be worked out also the distribution of wealth so that each man will receive his full share regardless of his mental ability or his capacity or inclination to work.

There is the airplane which must be made a practical means of locomotion without gasoline, to say nothing of the adoption of some scheme which will compel politicians to tell the truth and officials to give some consideration to the duties of their offices and the needs of their constituents.

Yes, the oncoming generation will have some left-over problems to face—some "unfinished business" to attend to and, of course, there is always the possibility that they may stir up some complications of their own.

Our Roads

Fayette countians continue to compliment themselves on the splendid condition of our roads and that is not the best part of it—strangers passing through the county, and there are hundreds every day, are more enthusiastic in praising the good condition of our roads and the great number of miles of roads we have, than we are in our praise of ourselves.

There is no better advertisement for a community than good roads, there is nothing which creates a worse impression than bad roads and there is no bad impression that will abide longer with the strangers and be more difficult to overcome, than one created by bad road conditions.

We can do more and should and will do more, doubtless, in road construction, but with the funds available and the disturbed conditions which prevailed during the past two years our officials have done splendid work on our roads. We all have and have had ideas about building and maintaining roads—some of them good, some of them indifferent and some bad—but everything considered, whether our pet plans prevailed or not, we must acknowledge, and are glad to acknowledge, good results.

POETRY FOR TODAY

DON'T MISJUDGE.

Do not always judge your friends
By the things they do;
Sometimes grief that never ends
Comes that way to you.

Do not take each idle word
As their serious thought;
Often, if judgment is deferred,
Troubles come to naught.

Trust your friends a little more,
Tho' their acts seem queer;
Count the good deeds o'er and o'er
That have made them dear.

Earth has far too many fires
By wrong thinking fanned;
Love, if fostered well, inspires
Hearts to understand.

Try, yourself, to be a friend—
Loyal, fine and true;
And your loved ones, in the end,
Will come back to you.

G. O. P. CHIEFS FEAR TIDE MAY BEGIN RUNNING AGAINST HARDING

Unexpected Developments May Swing Claimed States For Cox

No Landslides Where Democrats Are Organized—Senate Victories Very Doubtful

BY MARK SULLIVAN
(Copyright 1920)

Des Moines, October 8.—The best way to describe the present situation is to say it is a Republican landslide in spots. It is a Republican landslide in Minnesota, in Kansas, in Oregon, in Washington, in Michigan and in parts of other states.

But these states are almost uniformly Republican anyhow and one reason it is such a landslide in these places is that the Democratic organization in nearly all of these states is more or less moribund. There is not the machinery to get the Democratic women registered, nor to get the voters to the polls on election day.

From the Democratic point of view the worst thing about this lack of organization, which exists in degree everywhere, is that it leaves that party with no means of taking advantage of anything that may happen between now and election day.

From the Republican point of view, everybody knows that there is danger of something happening. Every day from now until election will be for the Republicans a dangerous day. Every morning from now until November 2 the Republican managers will pick up the morning paper with nervous apprehension.

When Republicans fear that something may happen, and Democrats hope for it, they don't have any specific thing in mind. It is merely that any gambler experienced in betting on elections would be willing to take a chance that some time between now and election day the Republican chances will not look as overwhelmingly good as they do today.

The Republican's campaign ripened too soon. They were ready for the election fully six weeks before it came. It is difficult to keep public interest at the peak for so long a period. It is like a play on the stage having its climax at the end of the second act.

Whenever the Democrats have a good organization and are putting up a fight, there is no talk of a Republican landslide.

In Indiana, for example, the estimated majority which the Republican managers give among themselves, is about 65,000 for Harding, and 15,000 or 20,000 less for the Republican senatorial candidate.

In a state as large as Indiana 65,000 majority for one side or the other is no landslide. Under normal circumstances it could readily change over night, or be reversed by three weeks of effective work.

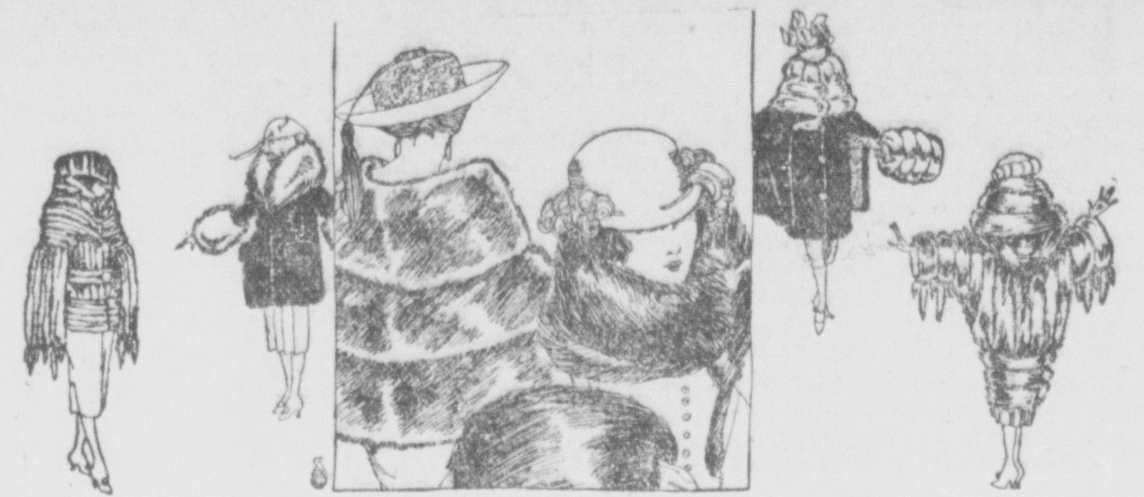

In the matter of the senate, not only is it not a Republican landslide; it is, in fact, the stiffest kind of a fight for the Republicans.

For example, here in Iowa, which stands almost second to Pennsylvania as a rock-ribbed Republican state, and here is Senator Cummins running for re-election, one of the ablest senators in either party and one of the three or four most distinguished elder statesmen in either party. A few days ago I said that Senator Cummins would run 50,000 votes behind Harding. Today I should say it is more likely to be close to 100,000. And 100,000 is a serious handicap even in so Republican a state as Iowa.

Here and elsewhere if the Republicans are to achieve their hope of getting a Republican Senate they will have to do the hardest kind of work during the next three weeks.

Sleeps Any Old Way Now

"I am 50 years old and never was sick until 8 years ago when I got stomach trouble. I have spent a fortune for medicine which did not cure. I kept on suffering and getting worse. A fellow worker told me about Mayr's Wonderful remedy. After taking three doses I felt like a different man before taking it I could not lie on my back nor right side. Now I can sleep any old way." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Blackmer & Tanquary and Frank Christopher.—Adv.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Coming as a complete surprise to the many friends of both young people is the marriage, on Thursday of Miss Clara Elizabeth Penrod the attractive young daughter of Mr. and Mrs. Robert Penrod, of Good Hope, and Mr. William Elderd McKimney, only son of Mr. and Mrs. Scott McKimney of near Good Hope.

The ceremony was performed by Rev. J. W. Hoppes at his suburban home east of this city.

The bride looked extremely pretty in a gown of brown silk and georgette with black velvet hat and shoes en-suite.

The bridegroom is a likable young fellow and for the past few years has been associated with his father in farming.

Both the bride and groom have many friends in this city and Good Hope and also in Bainbridge, the brides former home, who are extending their best wishes.

The bride attended Bainbridge High School and came to this county only three years ago.

No definite plans have been made, but for the present time the happy

young couple will make their home with the groom's parents on the Good Hope pike.

Thirty-five women were in attendance at the October meeting of the Woman's Foreign Missionary Society of Grace Methodist Church, held in the church parlors, Thursday afternoon.

Mrs. Frank M. Kennedy opened the meeting followed by devotionals led by Mrs. Alice Adams.

Mrs. D. S. Craig discussed the Citizenship School, Miss Felkner the Home Hygiene classes of the Y. W. C. A. Mrs. Karl B. Alexander gave a splendid report of the District meeting at Waverly.

Mrs. Ella H. Blessing was program leader, assisted by Mrs. Alice Adams and Mrs. Frank Haines.

Mrs. Nancy Roberts conducted the Mystery Box, and the meeting closed with the Society Benediction.

Mrs. Henry Hildebrandt, Mrs. James S. Bell as auxiliary members, and Mrs. W. B. Barnes as an extension member were added.

George Pensyl proved himself a worthy host to more than a score of his young friends, Thursday evening at a winter roost at his home on Yeoman street.

The large lawn was beautifully lighted with Japanese lanterns and a huge bonfire around which all the young guests gathered for roasting of weiners and marshmallows. Games were also enjoyed.

Assisting the host were his mother, Mrs. C. F. Pensyl and sister Amelia. Mr. and Mrs. A. Clark Gossard, Miss Josie Gossard and Miss Anna Turner.

The guests were: Catherine Miller, Georgia Harper, Thelma Runyan, Margaret Gibson, Enid McClure, Judith Ann Mitchener, Janet Whelpley, Dorothy Chandler, Regina Brandt, Mary Brandt, Lillian Teeters, Robert Bateman, James Griffith, Norman Price, Charles Hazard, Forest Smith, Leland Hoppes, William Shepherd, Charles Brandt, Kenneth Flee.

Mr. and Mrs. Walter W. Hamilton and son Frank pleasantly entertained at a family dinner, Thursday evening, Mrs. Eva J. Penn, Mr. and Mrs. Ralph Penn daughter Kathleen and Marjorie, Mr. and Mrs. Austin F. Hopkins, Mr. and Mrs. Scott Hopkins, Mr. and Mrs. J. M. Willis, daughter, Miss Gretchen.

Fall flowers were used in decorating the prettily appointed table.

The Suffrage department of the Jeffersonville W. C. T. U. held a meeting in the Town Hall, Thursday afternoon with seventy-five women responding.

Mrs. Alice Taggart presided, Mrs. D. S. Craig presented the plans for a Citizenship School, and Mrs. Ed Darlington explained House Bill 620 (Crabbe Act). Miss Edith Gardner outlined the work for a Home Hygiene Class and nineteen women enrolled.

A demonstration of the voting booths closed the meeting.

Mrs. V. J. Dahl delightfully filled the role of hostess Thursday afternoon at an extremely pretty four o'clock tea, honoring her niece, Mrs. John Walters (nee Mary Tysor) of Gallatin, Tenn., who is enroute from a summer's outing in Canada.

Eighteen of the younger matrons and girls grouped around the exquisitely appointed tea table, with Madeira set and having for its central embellishment a gorgeous green wicker basket of scarlet dahlias, surrounding a large plateau table mirror.

A delicious collation was served. In the living room a superb basket of marigolds gave an effective touch of color and the atmosphere was one of radiant hospitality.

Mrs. Dahl was gowned in white and Mrs. Walters was a very charming, honor guest, wearing a stunning gown of seal brown Baronette satin, made with short sleeves and corded panels in the skirt.

Miss Helen Dadds of Xenia, was an out of town guest.

The Thursday Euchre Club opened the Fall season, with Mrs. Robert C. Peddicord a most hospitable hostess.

Following the game a particularly delicious luncheon was served, each small table having for its center piece a little lovely crystal basket of ragged robins in harmonious color blend.

Two new club members, Mrs. Frank L. Stutson and Mrs. George H. Hitchcock were elected to fill two vacancies.

The membership of the Woman's Guild of the First Presbyterian Church was largely represented at a special demonstration and social gathering in the church basement Thursday afternoon.

The demonstration of a quiet unique article designed for cleaning silver was made by Mrs. Frank M. Fullerton, Mrs. W. H. Lipsitt and Mrs. Frank S. Jackson, and met with such approval that fifty orders were placed netting a nice little sum for the society.

The Guild entertaining committee were in charge of a very enjoyable social hour, during which coffee and doughnuts were served.

Fall flowers in graceful arrangement decorated the large dining room.

Mrs. Bennett E. Kelley charmingly filled the role of hostess to the Thursday Kensington Club in its opening Fall meeting, entering with the club members a few favored guests.

Golead rod, bitter, sweet, and dahlias, in lovely arrangement, added an effective note of autumn coloring to the spacious rooms of the home and the pleasure of renewing club associations after the separation of the summer was stimulated by the cordial hospitality extended.

An elaborate luncheon menu, its de-

licacies introducing a pretty pink and white color scheme was served.

The Thursday Bridge luncheon club was indebted to Mrs. Willard Story for a perfect appointed luncheon and enjoyable game.

The Young Woman's Foreign Missionary Society of the Methodist Church met with Mrs. Glenn Woodmansee, Thursday afternoon, with Mrs. Walter Jones, Mrs. Frank Blossing, Mrs. May McClimans and Miss Helen Ginn assisting hostesses.

There was a very interesting Missionary program presented Miss Pearl Minton conducting the lesson study; preceding the study, she gave a short history of the society on its fourth birthday and closed with a prophecy.

Tempting refreshments were served by the hostesses and there was an enjoyable social hour.

Mr. H. T. Thomas, of Jeffersonville was a business visitor in Cincinnati, Thursday.

Mr. and Mr. C. A. Cave have returned from a motoring trip to Chillicothe and Waverly and visiting their old home and friends and relatives there.

Messrs. C. P. Ballard, Howard Griffiths, Frank M. Fullerton, Elmer Junk, James Perrill, Fred O. Cline, John Sheppard, S. C. Shults and Mr. Kirk were in a party of local men attending the Georgetown Fair Thursday.

Mr. and Mrs. Fred Mark son Fred Jr., Mr. and Mrs. Harold Inskoep, daughter Jean, and Mrs. Lucian Wells, of Catawba, Va. made a motoring trip to the Mark farm at Mechanicsburg Thursday stopping in Springfield enroute.

Messrs. Robert Shoop and Andrew Reichert attended a dance in Sabina Thursday night.

Mr. James Clark went to Cincinnati Thursday to attend the Latonia races.

Messrs. Emerson Chapman and Dennis Clark were in Sabina to attend Thursday night's dance.

Mesdames Autin E. Hopkins, J. M. Willis, Amy Hutson, Frank S. Jackson, Misses Esther Leland and Etta McHenry attended the fall Ohio Synodical meeting of Home and Foreign Missions in Dayton Wednesday. Mr. Hopkins motored over with them.

Miss Effie Norris came Thursday evening from Xenia to be the week end guest of Miss Fern Sunkle.

Mr. James McDonald and Mr. Barris Tharp left Friday afternoon on a motoring trip to Louisville Ky. to spend the week end.

Mr. Charles Willis goes to Denison University, at Granville, Saturday for the Denison-Oberlin University football game.

Mrs. Jack Whittington (nee Louise Larrimer) arrived Thursday afternoon, from Syracuse, N. Y., for a visit with her grandmother, Mrs. Sarah Larrimer, and aunts, the Misses Larrimer.

Mr. and Mrs. Walter Hamilton were in Columbus Friday for the day.

Mr. and Mrs. J. M. McKay have as their guests, Mrs. McKay's brother, Mr. A. E. Perkins and Mrs. Perkins.

TWO PRISONERS PLEAD GUILTY ARE SENTENCED

Simm James Goes to Pen For an Indefinite Period On Forgery Charge.

Harry Chandler Gets Look Into State Prison For Carrying Gun.

Two prisoners in the county jail, against who indictments were returned by the October Grand Jury Tuesday evening entered pleas of guilty before Judge of the Common Pleas Court, Frank G. Carpenter, Friday morning.

Simm James, colored, indicted by the Grand Jury on four charges of forgery, pled guilty and was sentenced to an indefinite term in the Ohio State Penitentiary.

Harry Chandler, indicted by the Grand Jury for carrying concealed weapons and for stealing the switch key from an automobile, pled guilty to the first indictment and was sentenced to an indefinite term in the Mansfield Reformatory.

Deputy Sheriff A. C. Nelson will escort James to the Penitentiary at Columbus Saturday and at the same time will take Chandler to Mansfield to enter the reform institution.

After the indictments were returned by the Grand Jury Prosecutor Rankin consulted with the prisoners and Simms and Chandler, against whom the evidence was very damaging, asked to be arraigned before the court.

During his stay in the county James has been one of the model prisoners and the officers say it was he who told the authorities of hearing Chandler and another man, who is still being sought, plan to leave the city with a young girl now in the Children's Home.

LONDON LIGHTING MAY BE SOLVED

London, which has been having great difficulty for the past year or two in obtaining street light and power with her municipal light plant, is planning to sell to some private company, and now a Springfield concern offers to buy the plant and operate it until a transmission line can be built from Springfield and power and light furnished from Springfield.

The charge to consumers will be practically the same as at present—that is if coal does not advance in price above \$8 per ton. A meter rate of 10c is given to which is added 25 per cent surcharge which makes the price 12½c. If coal advances above this the surcharge increases at rate of 2½c per \$1 ton. If price of coal decreases below \$8.00 the surcharge drops in proportion until it is entirely wiped out at \$4.00 per ton and the customer then gets a 10c rate, net.

The London Council will take up the matter Friday evening. It is understood that both council, Board of Public Affairs and Mayor are favorably disposed to adopt the proposition.

BROOKS LEAVES BOUTS AT END

Bill Brooks who has been employed in a local confectionary and who has been a promoter of wrestling and boxing shows here, left Friday evening for Xenia where he will be employed.

With Brooks' departure from this city a termination of boxing and wrestling is seen. While there is a possibility that some new promoter may enter the field no one has been found to appear in the role.

FINDS OUT WHO HAS "BEST SHOW"

The story is being told of a business man who wished to ascertain the political trend, and he decided to quiz his customers as they came in to shop.

His first customer was a woman, apparently little versed in politics. In response to queries she stated that Mr. Harding was a fine man and had lots of friends, and that Mr. Cox was a good man and had many friends.

This stumped the man who felt that he had not been greatly enlightened, so he said:

"Well, but who do you think has the best show?"

"Ringling Brothers" was the unhesitating reply.

BIG APPLE CROP IN THIS STATE

Ohio has a big apple crop this year and Fayette county shares liberally

in this crop, although not so much so as the hill counties to the south, where apples are literally going to waste for lack of market and pickers. Ross county has a good crop this year, and as usual the apples from Ross are without a peer in quality, and government reports show that Ross county apples rank among the best produced in America.

J. P. Alley, who has a fine orchard on Pricers Ridge, south of Lyndon, declares that orchards properly cared for in the Ross county hills produce just as fine fruit and as large quantity as the famous orchards of the west

LAST OF SERIES THE PROSPECT

Announcement is Made. That Jake Neimeyer Will Hurl for Athletics Against the Clintons.

What may prove to be the last baseball game of the season will be played at Sunnyside park Sunday afternoon when the Washington Athletics meet the Wilmington Clintons in the last of a three game series.

It was announced at Athletics headquarters Friday that another game all depends on the weather. No game in addition to the Clinton tilt has been scheduled.

Jake Neimeyer, who lost to Wilmington last Sunday through poor support will be on the hill again Sunday, according to word received from him at his home in Cincinnati.

LUMBER YARDS CHANGE HANDS

The Ferrel Coal and Lumber Company, of New Holland, has been sold to the French Brothers, of Jeffersonville, who have assumed charge of the business and will make it more extensive.

James Holohan has been manager of the company and will remain with the concern. W. C. French, of Jeffersonville, will move to New Holland to give his personal attention to the business.

NUTS ARE PLENTIFUL IN CENTRAL OHIO

Nutting parties are now much in evidence throughout this part of Ohio, where thousands of trees laden with walnuts and hickorynuts offer a harvest of toothsome goodies.

The hickorynut crop is fairly good while the walnut trees are laden with the most abundant yield in years.

SEE THE DATE FOR INSTITUTES

Superintendents Tentatively Arrange Institutes For August 22-26.

Teachers' Institute Here Will Be Along Similar Lines of Last Year.

Superintendents of schools in five counties with Superintendent O. S. Nelson of the rural and consolidated school of Fayette county in session in this city decided Thursday to hold a teacher's institute on the "chautauqua" plan with the date tentatively set for August 22-26, next year.

Reorganization of the five school heads was made with Superintendent Vance, of Highland county, chairman and Superintendent Hodson, of Clinton county, secretary. Other members are Aultman, of Greene; Hortney, of Ross, and Nelson, of Fayette.

All members are strongly in favor of the "chautauqua" plan for another year and reported that under the plan this last year institutes in each county had been more successful than ever before. Talent for the speaking platform had been secured through this system that could not possibly have been secured any other way the superintendents agreed.

In setting the date for August 22-26 the five day course was arranged for, but the date was tentatively set and can be changed if the occasion demands, it is announced.

Supt. Nelson states that the institute in this county will be held in the high school auditorium. Superintendent of the city schools, William McClain will have charge of matters pertaining to the participation in the program by the city teachers and last season's plan will be followed almost to the letter.

HARDING CLUB WITH OVER 100

County Organizer Ray Moots, accompanied by other local republicans went to Jeffersonville Thursday evening and there organized a Harding club of over 100 members. Attorney C. A. Reid delivered the brief address.

Friday night a club will be organized in Bloomingburg.

LEGION HOLDS BUSY SESSION

Plans For Armistice Day, Halloween Dance, and Legion Football Team Are Made.

At one of the largest and most interesting meetings of the American Legion Paul H. Hughey Post No. 25 held at Memorial Hall Thursday evening the membership of the Post was increased to more than one hundred and plans for fall activities were formulated while letters from the candidates for Congress, Paul H. Dye and S. D. Fess were read.

An oyster supper served at the conclusion of the business session was a contributing feature to the success of the meeting.

Falling in line with the action of other Legion Posts in planning an

Armistice Day celebration on November 11th, ceremonies for the presentation of Victory Medals was favored.

Friday evening, October 29th, was the date set for the Halloween Dance under the auspices of the American Legion.

There has long been some agitation for Legion team to take part in athletic sports and the proposition was voiced Thursday evening for an American Legion foot ball team. After discussing the matter it was turned over to Walter Weaver who will look over the prospects for a gridiron squad. There is enough football material in the Legion to place a good team on the field and only the lateness of the season may keep it out of action, it is said.
